- Enter an E-Mail address. Note: The e-mail address MUST be unique. If Parent/Guardians share the same e-mail address, you should only set up one parent access account.
- Enter a custom user name. No apostrophes (') allowed. We suggest avoiding the use of special characters.
- Enter a custom password (No apostrophes and it must be at least six characters).
- Enter the Name of each of your children
- Enter the **PARENT** Access ID and Access Password for each child. **Access IDs and passwords are listed in the middle of the access letters that were mailed home.**
- Select your relationship with each child
- Logons delivered last year will not migrate to this year, thus all will need to do this process

3. Once you have finished entering ALL of your children, click Enter.

NOTE: Should you enter something incorrectly, when you hit Enter, the *edit checks* will catch the error; but unfortunately, also blank out many of the fields you have entered. You must re-enter the information.

4. Assuming you are successful, you will receive this message.

Congratulations! Your new Parent/Guardian Account has been created. Enter your Username and Password to start using your new account.

Please be aware that ONLY ONE Parent/Guardian may access the account at a time. If one parent is at home and another parent is at work, both parents cannot be logged into PowerSchool at the exact same time.
