

April 14, 2020

Dear Parent:

I would like to take this opportunity to introduce you to the athletic training services we provide to the student athletes at Avon High School.

I will be serving as the athletic trainer at Avon High School. As a nationally certified and Ohio-licensed athletic trainer, I am educated and skilled in the services of injury prevention, injury recognition and evaluation, and orthopaedic rehabilitation. I will be available to evaluate and treat injured athletes as well as provide injury prevention information. In addition to my services we are fortunate to have Dr. Vikas Patel, DO, from the Cleveland Clinic as team physician for your school. Dr. Patel treats athletes at his office and is also present at many Avon High School athletic events.

It is also important to understand that not all injuries can be treated in the high school training room. If an injured athlete requires additional medical attention, Cleveland Clinic Sports Health can provide priority scheduling with one of our sports medicine physicians.

If you need to speak with me, I can be reached at (440) 213-3371 or olearyj@avonealges.org

I am looking forward to the upcoming school year and wish the best of luck and safety to your son/daughter in their sports season.

Sincerely,

Jim O'Leary, MS, ATC
Coordinator of Athletic Training Services
Cleveland Clinic Sports Health
