Golfers trying out for the first time are expected to know the rules, keep score accurately, and be able to ***consistently***:

- hit the ball off the tee STRAIGHT at least 150 yards.
- hit the ball NEAR or on the green from 150 yards out.
- chip the ball NEAR the pin from off the green.
- TWO-putt when on the green.

## Etiquette

Do not move, talk, or stand close to or directly behind a player making a stroke.

Do not make practice swings in anyone's periphery.

Watch your ball after you hit it.

Watch where your partner's ball goes.

Do not play until the group in front is out of the way.

Do not leave your bag on or in front of the green.

Do not step in the line of another's putt.

Play without delay and keep up with the group in front.

Shout a warning (FORE!) if your ball may hit someone.

Dress appropriately.

Turn your cell phone off.

No pouting, swearing, or club throwing.

Replace divots and repair ball marks.

Smooth out footprints in the bunkers.

Leave the course in the condition in which you would like to find it.

"Fore" is another word for "ahead" (think of a ship's fore and aft). Yelling "fore" is simply a shorter way to yell "watch out ahead" (or "watch out before"). It allows golfers to be forewarned, in other words.
