

Wellness HRA Incentives

June 1—May 31

- Participants who do not currently possess an ABG benefits card will receive one once status has been achieved and a contribution has been made to the WealthCare account.
 - **The Vitality Health Review (VHR) will need to be completed prior to earning any incentives****
- Status earned during any current month will be credited to your WealthCare account on the 10th of the following month.** (e.g. Gold status earned in March = Contribution will be posted April 10th)
- All cards will be suspended for the entire month of June for the “run out” period.** This is to allow anyone to submit a reimbursement request in order to utilize remaining funds from the previous plan year (if applicable). In order for the reimbursement request to be approved, the dates of service would have to fall within the previous plan year. The deadline for these submissions is the 30th of June (30 day run out).
- ABG cards will be reactivated within the first week of July in the new plan year.
- The Vitality year ends on May 31. Therefore, any incentives earned during the month of May will be added to the balance of the previous plan year on the 10th of June. Any new incentives earned during the month of June, will be awarded on the 10th of July towards the new plan year.

CARRY OVER RULES

After the runout period (June 1–June 30), 100% of your account balance will rollover to the new plan year with a maximum accumulation of \$250 (Single) or \$500 (Family). This rollover will take place within the first week of July.
